## Z-Max.Net SD Card Formatter

### Product concerned

Product Names:

**Z-Max.Net**

Product Family:

**Land Survey**

### 1. PURPOSE

Z-Max supports SD cards from 16 to 128 MB. Such small memory cards are now becoming more and more difficult to find.

The SD card formatter utility from Magellan will allow to format larger SD cards (up to 2 GB) to Z-Max acceptable format.

### 2. PRODUCT INFORMATION

The SD card formatter utility is available for free download in the ftp site <ftp://ftp.magellangps.com>

The utility package includes the installation procedure and operation description.

### 3. CUSTOMER NOTIFICATION

All RSMs will receive this Product Marketing Update for information on their channels / customers.

This Product News will be posted on the Dealer Website.
